From Bad to Worse

A Complication of Diseases

Hood's Sarsaparilla & Cave Strength Just in Time.

Mr. Isaac Aber of Vienna, N. J.

"I gladly testify to the following facts: I have been a very great sufferer for the last five years with troubles of the Liver and kidneys and the worst stage of Dyspepsia.

I could scarcely eat anything because of the intense pain in my stomach. I was also at one time covered with salt rheum, and my cough weakened me so that I could scarcely walk. I had several attacks of bleeding at the lungs. My breath became so short that I was unable to work and was obliged to give up my business, which is that of a mason. I could not even walk about much. So I kept going from bad to worse. I then had an attack of the shingles, which, with all my other complaints, confined me to my room for three months and

Nearly Took Away My Life.

I had heard of Hood's Sarsaparilla as a good medicine, so I bought a bottle. When I had taken it I found it had done me some good, so I continued till I had taken three bottles. I improved so rapidly that I could walk out of doors, and have steadily gained till I am at work again and use my hammer and trowel once more.

more. The physicians told me five years ago that I would not live three years, and all the neighbors think it a very strange thing to see me at work again. It is the strength given me by Hood's Sarsaparilla which enabled me to do it." ISAAC ABER, Vienna, Warren County, N. J.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache. 25c.

ALWAYS IN THE LEAD! ::

That is where we find ourselves just now, leading the procession of Clothiers. Its no exaggeration. In fact, our competitors would, if they dared, acknowledge that we are leaders in our line. The

BALTIMORE HIGH ART CLOTHING DID IT! --

No shoddy, no deception, no two prices, no exaggeration, goods marked in plain figures and sold at what they are marked, guaranteed to give satisfactory wear, is what did it. Those elegant black worsted chevots are going fast now. Why not join the procession?

The TIMES is glad to learn of Bishop's good fortune.

J. L. Shelton, postmaster elect of Windsor Mo., spent Monday in this city and while here paid his respects to Congressman DeArmond and the booming TIMES. Mr. Shelton is one of the sterling democrats of Henry county as was demonstrated in the primary election recently held in his town for the postmastership in which race he distanced all competitors coming out of the contest with more votes than the combined strength of the opposition.

Mrs. Coneklin, wife of Isaac Coneklin, died at her home in the north part of this city at 7 o'clock Thursday morning. Her sickness was caused from a severe case of 'grippe' contracted about nine months ago, since which time she has been confined to her bed. She was one of Butler's most estimable ladies, a member of the M. E. church, a devout Christian, and the beautiful pillow of flowers, received from Kansas City by order of her lady friends for the occasion of her funeral only betokened the high esteem in which she was held. The funeral services took place from the family residence, Friday at 2 o'clock, conducted by Rev. Babbitt.

Trusts and Combinations

Are unpopular. But there is one form of trust against which no one has anything to say. That is the best of it is the trust is fully justified by the merit of the medicine. For, remember, HOOD'S Sarsaparilla CURES

A new face comes to our exchange table from Kansas City, "The Kaw's Mouth," and our old friend Will Bum-barger, formerly of the Nevada Democrat has his name at the head of the editorial column. It is a bright new way weekly and we trust it will put shekels in Will's pocket as well as make him famous.

The township board for this township is using its money in a very judicious way and the improvements in the roads are substantial. At present a force of men are being worked just this side of the Miami river and heretofore bad marshy places are being macadamized. This is proper way to put the roads in condition and money thus spent will do good. If other boards in the county would follow the example of this one in the way of building culverts and repairing bad places, the roads in the county would soon be in good shape.

Heart Failure.

HOW TO AVOID IT.

The epitaph on many a tombstone is "heart failure." No wonder, when we consider the immense strain which is put on that small organ. Marvelous as it is, beating 100,000 times and exerting a force equal to 5,184,000 pounds daily, it has its limit—its endurance often is too severely tested. So common are diseases of the heart—though often for a considerable time without the suspicions of the afflicted, person being in the least excited—that it is stated that one person in four has a bad heart! Dr. Franklin Miles, of Elkhart, Ind., has for years made a special study of all diseases of the heart, and his remarkable success has made his name a familiar one in all parts of our land. He has found the most common symptoms of heart disease to be pain, distress or tenderness in the chest, back, stomach, bowels, left shoulder and arm, shortness of breath, smothering spells, fainting, etc.

Mr. George E. Smith, of Barnes, Yates Co., N. Y., writes:—"DR. MILES' NEW HEART CURE has worked wonderfully on mind and body so I can do a good day's work. I feel ten years younger and take more interest in affairs. I had shortness of breath, palpitation, pain under left shoulder blade, pain around the heart, I could not sleep on my right side. Since I have taken Dr. Miles' New Heart Cure I sleep well, and have no palpitation. It has made my heart stronger. I wish you would print this, because I want all to know what Dr. Miles' Heart Cure has done for me."

"For months my wife suffered with palpitation, smothering spells, and was unable to sleep on her left side. She tried several doctors without relief. Your Heart Cure was recommended. After taking three bottles, she fully recovered her health. Your medicines do what you claim."—CHAS. CHRISTMAN, Toledo, O.

Dr. Miles' New Cure for the Heart is sold by all druggists on a positive guarantee. It is safe, agreeable, effective, and does cure. Dr. Miles Medical Co., Elkhart, Ind.
